

ENGLISH LANGUAGE TRAINING FOR FOREIGN-BORN PROFESSIONALS

Accent Reduction & Pronunciation

One day workshop (limited to 10 people)

Includes: access to *Pronunciation in English*, (High Beginning+ and Intermediate+), an online, interactive program, which is recommended by ETS®, makers of the TOEFL® and SAT® tests.

"The class has really helped me to improve my pronunciation. For me the most valuable part of the class is the increased awareness of correct pronunciation. In the past I was able to realize this doesn't sound right, but I didn't know why or how to make it better."

"I can now correctly pronounce some commonly used words that I have been pronouncing in the wrong way for a long time. I can speak English with more confidence now."

"It was sometimes very frustrating when my colleagues had difficulty in understanding what I said, especially in meetings. Even though I tried very hard to express myself, my pronunciation just confused people. After taking this class, I understand how important the stress is in spoken English."

Writing Skills

One day workshop (limited to 10 people)

Includes: access to *Writing in English*, (High Beginning+ and Intermediate+), an online, interactive program, which is recommended by ETS®, makers of the TOEFL® and SAT® tests.

"I spend less time editing my email because I know exactly where to look for problems."

"Overall, I have learned how to write more effectively at work. From time to time, my co-workers got confused by my email because I did not use a correct verb tense or the proper tone. Then I had to write more emails to clarify it. I learned many helpful writing techniques in the class."

Presentation Skills

One day workshop (limited to 10 people)

Includes: workbook, downloadable video of each participant's presentation, detailed feedback from the instructor.

"This course really improved my skills for delivering a presentation and smoothly handling the Q & A session. My next presentation to upper management ended with applause."

"Thank you very much for your help! I really appreciated your effort and time in analyzing my presentation. Your class is one of the most valuable classes I've taken at IBM."
